ANNOUNCEMENTS:

FOR THE SENATE.  
We are authorized to announce Hon.  
W. Fred Long as a candidate for the  
office of State Senator in this the Sev-  
enth Senatorial District, subject to the  
action of the Republican party.

FOR REPRESENTATIVE.  
We are authorized to announce Hon.  
R. C. Jarnagin, of Beaver Dam, as a  
candidate for the nomination for Rep-  
resentative, subject to the action of the  
Republican party.

SCOTT gave as an excuse for his bad  
voice, speaking in the open air. But  
he did not attempt to explain how it  
was that he was so far behind and so  
ignorant.

"We can see nothing but disaster  
and defeat in such of the  
intolerance and bigotry that is  
being manifested in Democratic  
circles nowadays."—Herald.

That is the way we see it, neighbor;  
glad to be able to agree with you once.

JAMES A. SCOTT, the Democratic  
candidate for nomination for At-  
torney General, said in his speech at the  
court house last Friday that the pur-  
pose of the civil war was not known  
until 1864. A man who does not  
know more of his country's history  
than that is not bright enough to be  
an attorney for even a deserted village.

CANDIDATE SCOTT did not say in so  
many words for once that he was for  
free silver at 16 to 1, but he said that  
he was for Billie Bryan. Bryan and  
free silver at 16 to 1 being synony-  
mous terms from a Democratic point  
of view Scott meant that he was for free  
silver and anything else in order to  
be the recipient of the honor of At-  
torney General.

JIM DANDY SCOTT said that he  
had gotten "two or three times as  
many judgments against corporations  
as any other lawyer in Kentucky?"  
No other man ever dreamed of that  
but Scott. Doubtless he is like many  
other Democratic candidates, some of  
whom we have known, proud that  
there was once a Josh Billings who is  
authority on horn tootin'. "He that  
tooth not his own horn the same  
shall not be tooted" haunts him day  
and night.

ONE of the sights of the muggy  
season was witnessed down town last  
Friday evening when James Andrew  
Scott put his thirteen in paper bags  
and departed on horseback for Beaver  
Dam. Our up-to-date merchants have  
first-class leggings in stock and surely  
a man whose income is "three or four  
times the amount of the Attorney  
General's salary" should not hesitate  
to call upon them. His conception  
might have been so narrow as to lead  
him to fancy that such an act of com-  
monplace was a part of a candidate's  
duty, (indeed it was not in marked  
contrast with his appearance other-  
wise) but he went away without a fol-  
lowing here. We have not heard of a  
Scott man in all Hartford.

COL. BRYAN, a white metal lecturer  
of Nebraska, and Perry Belmont, a  
few hundred times millionaire of New  
York, are having a little spat that is  
quite interesting to the bystanders.  
Mr. Belmont, who is the grand sachem  
of a Democratic club, wrote Mr. Bry-  
an a letter inviting him to accept a  
plate at a Jefferson birthday dinner  
to be given by the New York club,  
but Mr. Bryan wrote back that he  
would not wrinkle a napkin at Mr.  
Belmont's table unless the New Yorker  
would agree to let 16 to 1. Mr.  
Belmont would not agree to it at Mr.  
Bryan's ratio and started out cam-  
paigning for the 1900 nomination on  
his own account. Mr. Belmont says  
he is a gold man, but will support a  
16 to 1 platform if his party makes it  
read that way. He says he favors  
government ownership of pretty much  
everything, an income and inheritance  
tax and the initiative and referendum.  
Mr. Belmont outbids the Colonel for  
the Populistic vote and is in favor  
of gold enough to galvanize his other  
vagaries. Bryan has the wind and  
Belmont has the waddin' and it will  
be interesting to see which one gets  
the goods on the auction day.

The Goebel managers are threaten-  
ing to have the Democratic election  
commissioners resign and let Governor  
Bradley appoint Republicans to take  
their places if Goebel is defeated for  
the nomination for Governor. The  
Hartford Herald views the proposed  
action of the Goebel managers with  
alarm and makes this significant state-  
ment:

"Their resignation would bring  
about a condition of affairs both  
embarrassing and disastrous to the  
Democratic party in the State."  
Why, oh, why, brother, would it be

disastrous to the Democratic party in  
the State? You did not mean to plead  
guiltily to the charge that the Goebel  
election law was gotten up to steal the  
Governor's chair, did you? If the  
Goebel election law is such a fair  
measure that neither political party  
can gain any partisan advantage from  
the control of the election machinery,  
why would it be disastrous for Repub-  
lican commissioners to succeed Ellis,  
Pryor & Co.? You know, neighbor—  
if you don't, may the angels pity you  
—that Goebel hatched that law to  
build up a machine by which his lieutenants might nominate and elect him  
Governor of Kentucky. If the Goebel  
law is a fair one, why don't you let  
your State convention endorse it? You  
know—if you don't, but you do  
—that the Republicans will force the  
Goebel election law to the front in the  
approaching campaign, and why won't  
you let your party stand by it? It is  
because you know that free govern-  
ment is outraged and you dare not go  
before the people as the champion of  
the wicked statute. You hold up your  
hands in horror at the threat of your  
commissioners to turn your vote-steal-  
ing machinery over to your political  
enemies, yet you are too cowardly to  
let your party endorse it. Hush your  
twaddle about Republican opposition  
to the Goebel election law or let your  
party meet the issue in the open field.

### ADJUSTMENT.

The manner in which Uncle Sam is  
now proceeding with his business in  
the Philippines promises an early set-  
tlement of affairs in the East, an early  
adjustment of the Eastern question is  
longed for by the administration and  
the people of this country. Not a  
half settlement, but a complete and  
final establishment of our authority in  
the Philippine islands is what the peo-  
ple of the United States demands.  
Anything short of this will not meet  
with the approbation of the enlight-  
ened people of our country. War at any  
time with any people is never sought,  
but always avoided by our govern-  
ment, if possible to do so honorably.  
But never in the history of our illus-  
trious past have the pride and honor  
of our people allowed the flag of our  
common country to be assailed with-  
out proper vindication. By the terms  
of the late treaty between the United  
States and Spain the Philippine islands  
became a part of the territory of the  
former country. From the standpoint  
from which the actions of earth view  
the situation, it would be no greater  
thrust at the honor of the nation for  
the United States to allow one of the  
forty-five States of the Union to rebel  
and secede than to quit the East with  
a rebellion in its territory. A rebellion  
within our territory is deplorable  
indeed, but the supremacy of national  
authority must be established and  
recognized wherever the Stars and  
Stripes may float. Every true Amer-  
ican citizen stands ready when it be-  
comes necessary to defend the national  
honor, to quit the peaceful pursuits  
of life and leave a happy home to do  
battle for his country. Our unpleasant  
relations with the Filipinos was not  
brought about by the government,  
but was the outgrowth of an ambitious  
savage leader's desire to rule, aug-  
mented by unscrupulous politicians  
like Hoar, Bryan and Mason and by  
that part of the press of our country  
so narrow in the conception of its  
duty to the nation as to express sym-  
pathy for its enemies and to oppose  
every act of the government in sup-  
pressing the insurrection. Let us  
hope for an early triumph of our army  
and the establishment of a civil and  
liberal form of government in the  
archipelago.

### SCOTT'S SPEECH.

The speech of James A. Scott, de-  
livered at the court house last Friday,  
was the most complete failure ever  
made in Hartford. About one hun-  
dred and fifty people heard him and  
the universal opinion of all unbiased  
Democrats and Republicans was "a  
failure." He opened his speech by  
giving a history of his life. In the  
course of that brief history he said  
that it was not the \$4,200 salary of  
Attorney General that he wanted.  
The income from his law practice, he  
said, was three or four times that  
amount. He declared that it was the  
honor of the office that he sought.  
Turning to politics he began far away  
from present issues and touched upon  
both sides of every question which he  
attempted to discuss.

He scaled the heights of the civil  
war and brought to us knowledge of  
facts about which other men never  
heard. He declared that the policy  
of the first Lincoln administration  
was not made known until 1864 when  
"the cry of the constitution, the Union  
and the flag" had stirred the people  
to loyalty and called forth the brain  
and sinew of the land to support the  
government.

He declared that the right of the  
South to secede was never questioned  
and that the rights of the people were  
taken from them. "A man so igno-  
rant as all that a candidate for At-  
torney General of Kentucky?" Yes.  
The same man said that Cleveland  
was not a Democrat; that Cleveland  
allowed 49 of every 50 officers in his  
administration to be Republicans; that  
gold was not fit for money; that the

sound money Democrats had deserted  
Jeffersonian Democracy. "What! a  
man so narrow in conception asking a  
great trust of Kentuckians?" Yes, sir,  
he is a candidate for Attorney Gen-  
eral.

### "A LITTLE MORE TRUTH."

After having to take water on a  
wild assertion made relative to the  
Goebel election law, the Herald seeks  
to evade the odium of a false state-  
ment by dodging the issue and calling  
upon Col. Wedding to "tell THE RE-  
PUBLICAN of all the corruption and  
unfairness he knows to come from the  
operation of the Goebel election law." This  
is not a personal, but a contro-  
versy between newspapers, THE RE-  
PUBLICAN does not wish to bring any  
man to its assistance. It is able to do  
battle for itself. THE REPUBLICAN  
has never disputed the fairness of the  
last election. That was not the prey  
for which it was created. The Goebel  
election machine was created to grind  
out Democratic State officers and  
whatever else the people might toler-  
ate. The last election was not a test  
of the law by any means. It was only  
a bait. Under the operation of that  
law it is possible for the most gigantic  
frauds to be perpetrated.

THE REPUBLICAN has said that it is  
an unfair law and gives the party in  
power undue advantages. It reaffirms  
this statement and goes a step further.  
The Goebel election law is the most  
corrupt party measure ever written  
upon the statute book of the common-  
wealth. The following are the reasons  
upon which the assertion is based:

1. The State board of election com-  
missioners may all be of the same po-  
litical party. They are now.
2. The State board under this law  
constitutes the tribunal of last resort  
for most all contested election cases.  
Being made up of partisan politicians  
it is not capable of an unbiased judg-  
ment.
3. The State board may remove a  
member of the county board at pleas-  
ure.
4. The State board may canvass the  
returns from the several counties of  
the commonwealth in a secret cham-  
ber without a member of any party  
not in harmony with the board pres-  
ent.
5. They are not bonded for upright  
conduct, neither is the county board.
6. The members of the county  
board may all be of the same political  
party.
7. The county board may be all of  
one political party, and being so may  
perpetrate fraud in canvassing election  
returns. This the law permits in the  
absence of a representative of any  
other party.
8. It places the sacred suffrage of  
freemen at the bidding of unscrupu-  
lous politicians.

These statements are true. How  
can an honest man knowing this en-  
dorse and defend such a measure?

### FROM THE STATE PRESS.

The rumor that Spain is going to  
recognize the Filipinos is not worth  
much, even as a rumor. In order to  
recognize a Filipino you must first  
catch your Filipino.—Courier-Journal.

Whatever other faults he may have,  
Candidate Goebel wants it known that  
he will not ride into the governor's  
office on a cow catcher. Mr. Goebel  
will be in high luck if he succeeds  
in getting through on the bumpers.—  
Louisville Commercial.

Friend Woodson, of the Owensboro  
Messenger, is flooding Hopkins coun-  
ty with Goebel literature in the shape  
of copies of his paper, the Messenger.  
Hopkins county, however, is not to be  
Goebellized this time and Urey is  
wasting a heap of good paper in the  
attempt.

Nebraska is a remarkable State in  
some respects. W. H. Grigg one of  
their noted lecturers, has a baby re-  
cently born which has no eyes, and  
no place for them. They have another  
curiosity, a man full grown and  
good shape, &c., but he has some  
things wrong with his head. He is  
on exhibition most of the time in dif-  
ferent States. He has never succeeded  
well, but if he will add a monkey and  
a hand organ he may.—Elizabethtown  
Leader.

The court of appeals has decided by  
a unanimous vote that Attorney Gen-  
eral P. Wat Hadden didn't know much  
law when he gave the State Auditor  
the official opinion that he should pay  
over to Max Barker from \$10,000 to  
\$12,000 a year as commissions for col-  
lecting license taxes which Barker had  
no more to do with collecting than  
the man in the moon. But Barker  
in this manner got \$40,000 out of the  
State treasury to which he was not  
entitled.—Messenger.

All the political racket raised in the  
State so far seems to come from the  
different Democratic factions who are  
mud throwing at each other. Mean-  
while the Republicans are quietly and  
harmoniously working to place their  
party levers into the crevices of the  
Democratic strongholds and will pre-  
cipitate a landslide next November  
that will completely wreck the head  
of the Democratic gubernatorial tick-  
et and telegraph all his box car follow-  
ers.—Whitley Republican.

The Reider Baptist church, at Ren-  
der, Ky., will be dedicated on the 5th  
Sunday in April, 1899. The Rev. J.  
A. Bennett, of Fairview, Ky., will of-  
ficiate.

## FILIPINOS FLEEING.

Driven From Malabon, Their  
Stronghold, They Leave  
the Place In Flames.

Manila, March 27.—9:15 a. m.—  
The Filipinos are burning their strong-  
hold at Malabon, and their forces are  
fleeing from the city in the direction  
of Malolos.

Gen. M'Arthur's division is push-  
ing toward Malabon. The insurgents  
will make their last stand probably at  
Malolos.

PUSHING THE REBELS BEFORE THEM.  
Washington, March 26.—The War  
Department to-night received the fol-  
lowing:

Manila, March 26.—Adjutant Gen-  
eral, Washington: M'Arthur's ad-  
vance beyond new Canayan, two  
miles beyond Polo, nine miles from  
Manila and fifteen miles from Malo-  
los; railroad will be repaired to ad-  
vance point to-morrow and troops  
supplied by cars; M'Arthur will press  
on to-morrow; is now in open coun-  
try. Insurgents stoutly resisting be-  
hind succeeding lines of intrench-  
ments, from which troops continually  
drive them. City perfectly quiet,  
and native inhabitants appear to be  
relieved of anxiety and fear of insur-  
gents. Capt. Krayenbush, Commis-  
sary Lieutenant, third artillery, mor-  
tally wounded.

DETERRED BY ROUGHNESS OF COUNTRY.  
Washington, March 26.—The fol-  
lowing cablegrams from Gen. Otis  
were received by the War Department  
this morning:

Manila, March 26.—Adjutant Gen-  
eral, Washington: Attacks on hall  
and pumping station last night easily  
repulsed. M'Arthur with moving  
column has driven enemy, but can  
not gain point north of Polo on ac-  
count of roughness of country; must  
strike railway south of that point;  
this will enable most of Aguinaldo's  
troops to escape north; still he may  
oppose, as best of his army, consist-  
ing of released prisoners of war, for-  
mer native Spanish troops, concen-  
trated there; this northern army will  
be pressed south of the city. Three  
thousand insurgent troops from  
southern Luzon provinces have con-  
centrated. Lawton will take care of  
them. Affairs satisfactory.

OTIS.  
OUR LOSS MODERATE; ENEMY HEAVY.  
Manila, March 26.—Adjutant Gen-  
eral, Washington: Entire casualties  
of yesterday, one officer, twenty-five  
enlisted men killed; eight officers, one  
hundred and forty-two men wounded,  
officer killed, Capt. Stewart, first  
Colorado. List cabled immediately.

To day's fighting south and around  
Polo determined. M'Arthur with  
three brigades united, having artillery  
cavalry, engaging enemy. Col. Eg-  
bert, twenty-second infantry, killed.  
Our loss thus far moderate; enemy's  
heavy. Army gunboats on coast and  
in estuaries, west and north of Polo  
very efficient; troops in excellent con-  
dition and spirits.

THEIR STRONGEST INTRENCHMENTS.  
Later in the day the following was  
received:  
Manila, March 26.—Adjutant Gen-  
eral, Washington—4:30 p. m.: M'Ar-  
thur has driven enemy strongly in-  
trenched in large force north of Polo;  
will continue to press him; insurgents  
have strong intrenchments from Cal-  
ocan to Malolos, which have taken  
them months to construct.

OTIS.  
Manila, March 27.—Adjutant Gen-  
eral, Washington: MacArthur holds  
Marilao; severe fighting to day and  
our casualties about forty. The in-  
surgents have destroyed bridges,  
which impeded progress of train and  
artillery.

Our troops met concentrated insur-  
gent forces on northern line, com-  
manded by Aguinaldo in person, and  
drove with considerable slaughter.  
They left nearly 100 dead on the field,  
and many prisoners and small arms  
were captured.

The column will press on in the  
morning.

OTIS.  
New York, March 29.—A dispatch  
to the Journal, dated Manila, Wednes-  
day, says:

Bocave has been taken by our  
troops. The railroad bridge is unin-  
jured. Gen. MacArthur is now with-  
in eight miles of Malolos.

A dispatch to the Herald from Ma-  
nila says the insurgent capital has  
been moved from Malolos to San Fer-  
nando.

The insurgents burned Bulacan  
Tuesday afternoon.

The monitor Monadnock shelled  
Los Pinos, south of Manila, Tuesday  
noon.

Maj. Gen. Otis sent the following  
additional report of the movement  
yesterday to Marilao:

Manila, March 28.—Adjutant Gen-  
eral, Washington: MacArthur had  
severe fighting yesterday afternoon  
beyond Marilao. Brilliant charge by  
South Dakota, led by Frost, against  
famed troops of Aguinaldo, brought  
from Malolos. Repulsed enemy with  
slaughter. Adj. Lion and Lieuts.  
Adams and Morrison and four enlis-  
ted men of that regiment killed.  
Lieut. McClelland and twenty-two  
enlisted men wounded. Loss yesterday  
mostly confined to this regiment.

Partial destruction of railroad, which  
is being rapidly repaired, impedes  
MacArthur's progress. Supply rail-  
way trains have reached Marilao, and  
MacArthur is pushing on. Our small  
gunboats are in Bulacan river, where  
great execution was done yesterday.  
They will relieve pressure on MacAr-  
thur's front materially. Troops in  
excellent condition and spirits.

Proclamation, signed Luna, Gen-  
eral

in-Chief of insurgent forces directs  
all towns abandoned be burned. In  
consequence thereof much country  
north in flames.

OTIS.  
The above dispatch was received in  
Washington at 2:40 a. m., March 28.  
It is observed that it refers only to the  
fighting of yesterday, nothing being  
said about the operations of to-day.  
March 28. Gen. Greeley, Chief Signal  
Officer, has received a dispatch from  
Manila, sent this morning, which is  
confined to routine affairs.

The Frost named in Gen. Otis' dis-  
patch is Capt. A. S. Frost, of the  
Twenty-second infantry, now Colonel  
of the First South Dakota volunteers.  
The three officers killed in that reg-  
iment are Jonas H. Lion, First Lieuten-  
ant and Adjutant; First Lieut. Frank  
H. Adams and Second Lieut. Sydney  
R. Morrison. The officer wounded is  
First Lieut. Paul D. McClelland.

A dispatch from Gen. Otis an-  
nounces that the Third infantry has  
taken the place of the Twenty-third  
infantry, which was at the front.  
Two battalions of the Twenty-third  
were brigaded with the Oregon volun-  
teers and have seen severe fighting.  
The Twenty-third has been recalled  
to Manila.

### Millions Given Away.

It is certainly gratifying to the pub-  
lic to know of one concern in the land  
who are not afraid to be generous to  
needy and suffering. The proprietors  
of Dr. King's New Discovery for Con-  
sumption, Coughs and Colds, have  
given away over ten million trial bot-  
tles of this great medicine; and have  
the satisfaction of knowing it has ab-  
solutely cured thousands of hopeless  
cases. Asthma, Bronchitis, Hoarseness  
and all diseases of the throat, Chest  
and Lungs are surely cured by it.  
Call on J. H. Williams, Druggist,  
and get a free trial bottle. Regular  
size 50c. and \$1. Every bottle guar-  
anteed, or price refunded.

The policy of The Ladies' Home  
Journal, in its religious department,  
seems to be always to engage the pen  
of the man most immediately promi-  
nent in the eyes of the religious  
world. Thus it has had the services  
of Mr. Beecher, Doctor Talmage, Doc-  
tor Parkhurst, Ian MacLaren, and now  
it will have those of Dr. Newell  
Dwight Hillis, the new pastor of Fry  
mouth Church, in Brooklyn. Doctor  
Hillis has given the Journal a series  
of articles upon which he has been  
working for over a year previous to  
his Eastern call, and the first of these  
articles will be published in the next  
issue of the magazine. The series is  
all connected in thought, and present  
the general subject of "The Secrets of  
a Happy Life."

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages and  
that is Catarrh. Hall's Catarrh Cure  
is the only positive cure now known  
to the medical fraternity. Catarrh  
being a constitutional disease, requires  
a constitutional treatment. Hall's  
Catarrh Cure is taken internally, act-  
ing directly upon the blood and mu-  
cous surfaces of the system, thereby  
destroying the foundation of the dis-  
ease, and giving the patient strength  
by building up the constitution and  
assisting nature in doing its work.

The proprietors have so much faith in  
its curative powers, that they offer  
One Hundred Dollars for any case that  
it fails to cure. Send for list of Testi-

Running for Offices.

The Mt. Sterling Sentinel Demo-  
crat has found a man who gives his  
experience while running for an office  
which he did not win by a large ma-  
jority. He submitted the following  
account of expenses incurred:

Lost 4 months and 33 days can-  
vassing, 1,349 hours thinking about  
the election, 5 acres of wheat, 2 whole  
crops of sweet potatoes, 4 sheep, 5  
shoats and 1 beef given to barbecue, 2

front teeth and a considerable amount  
of hair in a personal skirmish, gave 97  
plugs of tobacco, 7 Sunday school  
books, 2 pairs of suspenders, 4 calico  
dresses, 7 dollars, and 13 baby rat-  
tlers, told 2,889 lies, shook hands 23,  
476 times, talked enough to have  
made in print 1,000 large volumes  
size of the patent office reports, kissed  
126 babies, kindled 13 kitchen fires,  
cut 3 cords of wood, pulled 475 shocks  
of fodder helped shuck 6 wagon loads  
of corn, dug 14 bushels of potatoes,

## NOTICE for the Benefit of the PUBLIC!

### Cyclone at Barrett's Ferry, Ky.,

Has rushed in on G. B. Miles' Entire Stock of Dry Goods, Notions, Boots, Shoes, Hats, Caps, Groceries and Cents. Furnishing Goods and has blown the Prices Down Below Zero. I have enlarged and repaired my house and am now in better position to give my customers bargains than I have ever been since I have been in business. I began business 2 1/2 years ago with a \$150.00 stock. I have increased to \$1,500.00 and owe the praise of same to my customers. When I first began I sold at 25 and 50 per cent. profit. I went on that way some time and reduced my profits to 15 and 25 per cent. and then reduced to 12 1/2 per cent. and have gained sufficient trade by each transaction to make more money by the latter and now I propose to reduce my profits again to 8 per cent. This looks small and some will say that I can't do this nor won't do it, but I will show my bills and do what I say and will also explain why I can do it.

FIRST—Bear in mind that I get salary enough from the railroad company as agent for them and from the postoffice to pay all my family expenses and rent.

SECOND—By this reduction I will gain trade sufficient that I can discount my bills and the discount will pay the freight on my goods and put them in the shelves.

THIRD—My receipts now are \$400.00 a month and at 12 1/2 per cent. I make clear \$50.00 a month and now if I can get my trade doubled and my receipts run \$800.00 a month, you see I will clear at 8 per cent. \$64.00 and save my customers money and make \$14.00 more myself. So you see I can do what I propose.

I will pay the Highest Prices for Produce at all times and want 10,000 ties by the first of July, for which I will pay 21c and 25c, one-half cash and balance in trade on delivery or 20c and 24c cash on delivery.

### Consult Your Minds AND Each Other

And come and price my goods before buying and I will show you that you can save money and get the Best Goods that you ever bought for the money. I have the nicest line of Shoes and Hats that ever has been brought to Barrett's Ferry, and at prices that will make them fit and nice.

Calicoes that will soon be out of season must fit at 3c a yard and values in everything that I carry. 20lbs No. 7 sugar for \$1.00. Arbuckle coffee at 1c. Thanking you for past favors and soliciting a continuance of same, I am, yours always ready to please.

**G. B. MILES.**

These Prices Begin February 20, 1899, and continue balance of the year.

## THIEVES' SCHOOL.

There is Such an Institution in Japan—It Has Long Flourished.

There are two classes of children in Tokyo who become professional beggars, viz., those small unfortunates who have run away from home in order to escape barbarous treatment from inhuman parents, whose nomadic instincts induce them to get rid of their too numerous offspring, and thus avoid the trouble of dragging them around from one village to another.

These latter confide their children to old professional beggars, who soon teach the young outcast to earn his own livelihood.

Some of these chiefs of the mendicant procession enjoy a wide reputation, and have scores of beggars and thieves in embryo under their tutelage. There even exists in Tokyo a well known house, Kodomo no Souryouya, which is a regular agency for the letting out of children.

Beggars of 40 or 50 years of age (nearly always thieves hors de combat, and crippled in some way or other) call upon this firm every day and hire a child of four or five years old, in whose company they prey upon the charity of the public. The price per day for a child is from 3 to 10 (3 to 10 cents), and as the object of the child is to inspire pity, weak and ailing children fetch the highest prices.

From 5 years upward the children do their begging by themselves. At the age of 14 or 15, under the pretext of gathering waste paper and other rubbish, they prowl around the court yards of the houses and commence to thieve.

Their usual weapon is a long stick, the end of which is steeped in glue, and with which they are very adroit in removing trifles from open windows.

At 16 they are taught the art of picking pockets with skill and dispatch, and from being beggars rise to the rank of botahajiki (pickpockets) or kapparai (thieves).

There is no real difference between the thief and the beggar. The child commences as a beggar, becomes in due course a thief and takes to begging once more when old age overtakes him.

Daily lessons are given to the young thieves by the chiefs of each band, and the apprenticeship lasts as long as from 12 to 19. The whole thing has been reduced to a regular system, pocket picking and burglary are carefully taught in every detail.

One specialist spent a year in Berlin in order to acquire perfection in the art of subtilizing a purse. Since this gentleman has returned to Tokyo his class has been very successful, and has a hundred intelligent pupils at the present moment.

The whole thieves' colony is regulated by a code of laws, and these are administered with the utmost sternness. The youngest thieves keep 10 per cent. of their earnings, the better class of pickpockets 40 per cent., and some 50 per cent. or even 60 per cent. The surplus of the profits is invested in the teaching of pupils, and employed as the chiefs of the community deem necessary for the general well-being.

If a man cheats you, cease to deal with him; if he is abusive, quit his company; if he slanders you, take care to live so that no body will believe him. No matter who he is or how he misuses you, the wisest way is to let him alone; for there is nothing better than this calm, cool and quiet way of dealing with wrong we meet with. Lies unheeded will die; fires unflamed will burn out, and quarrels neglected become as dull as the all but extinct volcano.

The Atlanta Constitution said in a recent issue that the New York daily papers, with one exception, used Mr. Thos. E. Watson's Story of France merely as a means for showing their personal animus, and made no pretence to review the work. The "one exception" was the New York World. It is interesting and instructive to note that the great papers in the Western, Southern, and Middle States, have treated Mr. Watson's work without reference to his attitude in American politics.

Fought in the Pen.

It is reported that Rev. Gregory Doyle and Prof. McClure, who were convicted of the crime of causing the death of Lydia Bratcher, in Hart county, and sent to the penitentiary at Eddyville, are not getting along very smoothly. They fought in the pen last Thursday, during which Doyle, the preacher, was getting the better of McClure, when they were separated. It will be remembered that Doyle requested, before they were sent from Manfordville, to be separated from McClure, that he was afraid of him.—Glasgow Republican.

She had kissed the baby for the last time until she returned, and then kissed him again. She had carefully looked every door in the house, and all the windows. She had turned the gas to the exact point at which it was to be left until her return. She attended to the grate and warned Bridget not to meddle with the fire. She had explained to the maid the use of burglar alarm, the fire alarm and police whistle. She had put the cat and the dog in the cellar, wrapped a newspaper around the canary's cage. And then she was ready.

She locked the inside door and tried it. Then she opened the outside door and tried the inside door. Then she locked the outside door again, tried it, and they started. They had proceeded two streets, and her husband had just begun to congratulate himself that she really was ready, when she suddenly stopped.

"John," she said, "I must go back and tell Bridget to be sure and not wake the baby up unless he wakes himself."

## WOMAN EXECUTED.

### Went to The Chair Quietly And Died Instantaneously

Mrs. Martha Place was executed in Sing Sing Prison recently. She was the first woman to die in the electric chair in the State of New York, and she went to her death quietly. Death was instantaneous. Only two shocks were given. State Electrician Davis threw down the lever at exactly 11.01 a. m. The voltage of the current was 1,760, and it was continued for four seconds. It was then gradually diminished to 200 voltage, which was continued for fifty-six seconds. Dr. Irvine, the physician of the prison, examined the woman and then ordered a second shock. That was the same as the first in power, continued and for the same length of time. The second shock has always been administered at Sing Sing.
